

CONRAD PHOENIX PLUS

Dust Suppression Cannons

The evolution of our Conrad Phoenix is the new CONRAD PHOENIX PLUS!

The range regulator allows the PHOENIX PLUS to progressively vary the spray distance from a minimum of 10 metres to over 25 metres.

The new electric motor and high-pressure pump ensure very low consumption for greater sustainability.

Tests carried out on the machine together with users have confirmed how the new implementations manage to facilitate the operator and work on the construction site effectively.

TECHNICAL DATA

Range	adjustable from 10 to over 25 m
N. Nozzles	4
Inclination	+ 45° electric
Pressure	50-60 bar
Noise	70 dB
IP	55
Ø FAN	410 mm
Water Consumption	8 l/min
Water pump included	3-piston pump with crank-rod system. Integral ceramic pistons. No inlet water pressure required
Water connection	¾" male
Electrical connection	Electrical cable with a minimum cross-section of 3x2.5 mm and 3-pin blue single-phase plug 16A., CEE 16A
Size and Weight	100 x 70 x h145 cm – 130 kg
Fan power	1 kW
Total installed power	3 kW - 220 V - 50Hz
Commands	Control box: Fan ON/OFF, Pump ON/OFF, spray range adjuster, LED lights ON/OFF, Up and down tilt, emergency stop button
